Appliance Delivery Checklist

Before Leaving our Store

Choose the correct color, gas/electric fuel & model selection
Verify dimensions - Will new unit fit in the intended area? Will it
fit through all doorways? Check your home by "walking the
path" of the delivery
Width ______ Bepth _____ Depth _____

Verify that printed delivery information is accurate and complete (address, including unit #, multiple contact numbers - day & evening, requested del date, special instructions)

Your del date is

Haul Away One haul away can be ordered for each new appliance purchased. Ensure that the old unit to be hauled away is <u>disconnected & empty</u> when the delivery crew arrives. We will also relocate an appliance to another room or floor so long as it can be done safely. Food items, articles and water in washing machines must be emptied prior to haul away. Door reversal (Additional Charge) must be ordered at time of appliance purchase.

Did you order any install kits you require for washer/dryer, fridge, dishwasher. Hoses for washers.

What you can expect from your Delivery

Select a delivery date with maximum flexibility. Peterborough deliveries will in the AM between 9-12, out of town deliveries are in the afternoon between 12-5 (or until day is complete) Our drivers will call about 1/2hr ahead to ensure someone is there and to let you know they are on their way. If there is no answer they will not go and you will need to reschedule.

Delivery agents are NOT carpenters, plumbers, gas fitters or electricians. All electrical outlets, water and gas shut off valves and cabinetry must be available and compliant at the time of delivery to complete any hook-ups (see specific product line check lists below)

Delivery agents will test your appliance for proper operation and inspect for any viable damage. The agent will explain your options is=f damage is discovered or your unit is not working properly.

An adults 18 years or older must be present at time of del

Ensure that the delivery path is free of obstacles such as snow, ice, furniture and debris so that there is a clear path for the unit to be set in place.

Includes unpack, removal of cardboard/packing materials and moving the existing unit to another location in home or just removal.(for free standing electric appliances)

He delivery agent cannot remove their shoes (safety practices) but will take reasonable precautions to protect the floor. If the residence has an elevator, please ensure it is available for the delivery.

The delivery agents will stack stackable washer and dryer units. Or place them on Pedestals if ordered. Please be sure to order your stacking kit at time of sale.

Please Note: We are NOT responsible for damages such as ripping floors, damaging walls, door frames etc. If our delivery drivers do not feel they can get your appliance in or out safely it is up to their discretion. You can sign a waiver if you wish to go through with the delivery.

Gas Ranges/Dryers

Delivery agents are not qualified to hook up gas appliances. See your sales person regarding gas installs in your area.

A 110V grounded 3 prong electrical outlet must be within reach of the power cord.

Dishwashers

Delivery agents are not qualified to install dishwashers. See your sales person regarding dishwasher install in your area. Delivery agents will uncrate dishwasher if requested. It is recommended in order to inspect for concealed damage prior to installation.

What Basic Delivery Includes

All freestanding (does not include dishwashers, built-in cooktops, wall ovens, range hoods, OTR micros, etc) electric appliances will be uncrated, set in place, levelled and connected to an existing proper power source. If proper electrical outlets, water supply and shut off valves or venting sources are not available at time of delivery, a complete hook-up may not be possible. Gas product (ranges/dryers) installation, dishwasher and over-the-range microwave hook-up is not included. Please see your sales person about installation in your area. Stacking of washer/dryer units
